

To The Board of Directors and Members of WA Charity Direct

I am writing this letter on behalf of my son Deegan Brown and myself as I would like to thank you so much for your generous donation.

Words cannot express how much this means to us both. I recently requested help from your charity, and to my utter amazement you helped. With your generous donation you have enabled me to have a reliable vehicle to attend the consistent appointments in Perth, Mount Lawley, Rockingham and Mandurah.

This vehicle is also a godsend in that I can now carry all the equipment Deegan needs, such as the special needs chair, walker, standing frame etc. Not only does it help Deegan, it helps me too.

Deegan is growing daily, and trying to maneuver him into his safety seat in the back of a sedan, has caused back problems for me. I can now maneuver him smoothly in the new car, being a Hyundai IX35 which is slightly higher than a sedan.

Asking for help from anybody is not an easy thing to do, but asking for help and receiving it from people who don't even know me or my son is truly a wonderful thing.

Once again my heartfelt thanks to you, for your generosity in making this possible.

Melanie and Deegan Brown
